

MISSION ORLANDO

The Island Trees girls' varsity basketball team is on a mission. They call it "Mission Orlando". They have been on a fundraising mission all year to play in a five day basketball tournament in Orlando, Florida over this year's December-Holiday break. Their latest fundraiser was a carwash hosted by **Farmingdale Goodyear**. Owner Chris Anderson stated, "Anytime I can help connect with the community I am on board. To help these high school athletes realize their dream is something that as a local business owner I support 100%. It teaches them that through hard work and determination dreams do come true just as they do on the basketball court". Chris also cooked hamburgers and hotdogs for his customers and the girls during the carwash. The team is almost half way to their fundraising goal...Be on the lookout for more "Mission Orlando" fundraising efforts as the school year begins.
