The screen is broken down into two parts -- attendance and grades. The attendance shows the past two weeks of attendance for each class. It also displays a running total of absences and tardy for each class and a cumulative attendance total for the student.

The second part of the screen is grades.

by clicking on the blue number grade, it will open up a new screen called the class score detail screen. The screen consists of the course name, teacher name, meeting pattern final grade and teacher comments.

The middle part of the screen displays all assignments in the calculation of that particular grade that were published by the teacher. The teacher can enter scores and not publish them so this must be taken into account if the grades don't seem to add up.

EMAIL NOTIFICATION - Use this page to control what information you would like to receive and how often. This is where you may add other email addresses where you would like to receive information.

The information you receive consists of:

1. Summary of current grades and attendance.
2. Detailed reports showing all assignment scores for each class.
3. Detailed report of attendance
4. School announcement

The screenshot shows the PowerSchool Parent Portal interface. The user is logged in as Emily George for student Samuel. The 'Email Notifications' section is active, showing options for what information to receive: Summary of current grades and attendance, Detail report showing assignment scores for each class, Detail report of attendance, School announcements, and Balance Alerts. The frequency is set to 'Daily', and the email address is 'youremail@here.com'. There are checkboxes for 'Apply these settings to all your students?' and 'Send now for Samuel?'. A 'Submit' button is at the bottom right.

View any comments that a teacher has given a student during the reporting term.
