2018-2019 APPLICATION FOR NON-STANDARD TRANSPORTATION
(For the school year beginning September 2018)

The following application is to be completed when a parent wishes his child to be picked up (before school) or dropped off (after School) at a location other than the residence. To receive this service, the new location must be within the “ busing area” for the School and grade of the student. The usual reason for such requests is the provision of supervision by a “sitter” outside the home. Under no circumstances will the district provide service to a location outside its geographic boundaries.

Please submit application as soon as arrangements are firm. A new form must be submitted **ANNUALLY**.
