

Curriculum Mapping Software

Internet Explorer Privacy Settings Fix

Description: Our new curriculum mapping page *MAY* be blocked by privacy settings installed through Internet Explorer at you home and/or school computer. You will know right away if you don't see a blue GLOBE at the bottom right of your screen.

Who is affected?

This issue has been isolated to the HS and Administrative machines and cannot be corrected by a global policy change. We are asking for your help in making this change on your computer. It will only take a few minutes. If you have any trouble, please contact your computer aide and they can assist you with this change.

Cause of the problem: The software uses cookies to run its application and this is being blocked for security reasons.

The Fix: Please follow the steps below to make the change to your computer so that you can access this page.

1. Open Internet Explorer and click Tools → Internet Options
2. You will see tabs at the top. Click on Privacy
3. Once you are in Privacy, Click on Sites.
4. Go to Address of Website and type in <http://mapster.gstboces.org/secure/>
5. Click Allow and it will show up in the space below. Click OK on all Screens until you are back to Internet Explorer
6. Close down Internet Explorer and Re-Open it.
7. Go to the Island Trees Staff Resource Page
8. Click on the link for Island Trees Curriculum Maps and login with your username and password.
9. If you are still having trouble please contact the computer aide in your building.

Thank you for your help and understanding.
